## MANAGER'S MESSAGE

Kansas State Shorthorn and Polled Shorthorn breeders always consign their best to this sale. This year we have two good herds from Oklahoma represented in the sale. Kansas is recognized for their outstanding cattle, and this year's lineup is one of the best. The Polled Shorthorn bulls in this sale are outstanding. They will satisfy both commercial and purebred man, because they are the big type Shorthorns with great length and plenty of weight for age. Don't forget one of the top gainers in the Beloit Test Station is a Shorthorn bull. If you are in doubt about the quality of a Shorthorn carcass, I might mention that the top winners on the rail at the Indiana and New York State Fairs were both Shorthorns. I am sure this is the reason that more commercial cowmen are using Shorthorn bulls for crossbreeding each year.

The females in this sale will consist of some of the top blood lines in the Shorthorn breed. With the good demand for replacement cows, this will be a fine opportunity to purchase some foundation stock for a Shorthorn herd. The 1971 heifer calves will make outstanding 4-H projects. The top Shorthorn steer at Wichita Stock Show was purchased in this sale last year. You can expect the same quality steers again this year.

Why not plan to attend the Shorthorn events at Hutchinson, Nov. 4 & 5?

The schedule this year will be:

Thursday, November 4, 1:30 p.m.—Show of breeding cattle.

Thursday, November 4, 7:00 p.m.—Annual meeting and buffet dinner, Royal Inn.

Friday, November 5, 9:30 a.m.—Junior Shorthorn Association "Buy a Calf—Show a Calf" show; sale at 12:00 noon.

The Junior calf show will consist of 11 heifers and about 20 hand-picked steers. The registered cattle will sell following the Junior Association sale. The quality of the calves consigned to this sale will be very good.

If you would like to start a new herd or add to your present herd of Shorthorns, I am sure you could find the right kind of cattle here. This "two day" show and sale will give you the time to select the kind of breeding cattle that could prove out to be just what you are needing.

Plan to attend the annual meeting and buffet dinner, Thursday, November 4, 7:00 p.m., Royal Inn, Hutchinson, Kansas. Sale Headquarters are Royal Inn Motel, 15 W. 4th St., phone 316-MO3-1211.

## STANDARD GUARANTEE

(Recommended by American Shorthorn Association)

- A. Proper care must be given to purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf, must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case of dispute, the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy, if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
